Choose Your Level Of Control

LIMITED CONTROL

Artificial Intelligence conducts 100% of the conversation. Bot responses are programmable, so no need to worry about accuracy.

SHARED CONTROL

We manage the conversation 24/7/365. You can monitor in real-time and we'll hand over the controls anytime you want to take over.

FULL CONTROL

You're 100% in charge of the conversation. Our dashboard makes it easy to manage every chat, text, or FB message by viewing them all in one place.
